

Temperature Humidity Meters

Wireless Swimming Pool Thermometer

Model: TX15N

Features

Model	TX15N
Applications	Swimming pool, aquarium, bathtub, fish pond
Time display	12/24 hour format switchable
Temperature unit	°C /°F switchable
Comfort level display	√
LED backlight	√
Max./Min. value	√
Data recording	√
Low battery indication	√
Waterproof level	IPx7

Specifications

Model	TX15N
Temperature range (Indoor)	-9.9°C ~ 50°C / 14.2°F~122°F
Temperature range (Outdoor)	-40°C ~ 70°C / -40°F~158°F
Humidity (Indoor)	20%RH ~ 95%RH
Temperature sampling rate	10 seconds
Connectable sensors	3
Wireless connection	433.92MHz RF
Transmission distance	60 meter (196ft)

General Information

Model	TX15N
Power supply	Receiver: 1.5V AAA x2 / Sensor: 1.5V AAA x2
Product size	Receiver: 150x150x20mm / Sensor: 100x150mm
Product weight	500g
Standard accessories	Receiver x 1 , sensorx 1, manualx1
