

**Metal Detectors**

Handheld Metal Detectors

Model: 931 932

**Specification**

Model	931	932
Indication Type	Audio + Light Vibration + Light	Audio + Light
Detection distance	Coin :>5cm	Coin :>9cm
With earphone output	---	√
Battery voltage drops from 9v to 7V , Detection distance will not be influenced	√	
Low Battery Indication	√	
Low power consumption	Work 40 hours continuously	
Sensitivity adjustable	√	
Operation temperature	(-5~55)°C	

**General Information**

Model	931	932
Power Supply	9V 6F22ND/ DC 10V	
Product Size	418mmx87mmx41mm	
Product Weight	380g	
Standard Accessories	battery , manual,leather pouch	

**Paper clip**  
Detection distance: 30-60mm

**Controlled Knives**  
Detection distance: 0-160mm

**Lighter**  
Detection distance: 0-80mm

**Cell phone**  
Detection distance: 0-120mm

**H** High sensitivity detection  
**L** low sensitivity detection

**Sensitivity adjustment hole**  
 Turn counterclockwise with a small screwdriver until the sensitivity is at the desired level
