

Gas meter

Carbon Monoxide (CO) Monitor

Model: 821B

Features

Model	821B
Display	Color display
Time and date display	√
Low battery indication	√
Alarm setting	√
Auto power off	√
Max./Min./Ave value display	√
Language	Chinese and English
Calibratable	√
Alarm	Audio + light + vibration
Data recording	Continuously record 120,000 data

Specifications

Model	821B
Gas type	CO (carbon monoxide)
Range	0-1000umol/mol
Resolution	1
Accuracy	0-50umol/mol: 5umol/mol 50-1000umol/mol: 10%
Response time	<30 seconds
Alarm mode	LCD display real-time data LED light, sound, vibration indication
Storage condition	-10 to 55C, <85%RH
Operation condition	-20 to 55C, <95%RH

General Information

Model	821B
Power supply	DC3.7V Lithium battery (1800mAh) 6-8 hours charging time 8 hours of continuous use when fully charged
Product size	71*53*49mm
Product weight	215g
Standard accessories	Manual, charger, USB cable, screws, PVC gas pipe, tool case
