

Magnetic Pole Tester

Model: 862M

General Information

Model	862M
Power supply	1.5V AAA x 2 batteries
Product weight	55g
Product size	156x24x20mm
Standard accessories	Batteries, manual

Specifications

Model	862M
Sensitivity	±5mT(50Gs)
Indication way	2 LEDs (Red = N pole, Green = S pole))
Working condition	-20°C~+80°C
Storage condition	-40°C~+150°C
