

Application

With high brightness and easy installation, SEEKWAY CL30A linear light suits **various outdoor economic lighting solutions**. Customization options include aluminum colors, adjustable lengths, and LED choices (RGB, RGBW, monochrome). It boasts UV resistance, VO flame retardancy, and excellent electrical safety **for stable outdoor use**. Structurally, it features a sliding fix for **easy installation** on various brackets and conceals cables for seamless integration. It enhances cityscapes by **outlining high-rises, elevated roads, bridges, and natural landscapes like parks and rivers**.

Specification

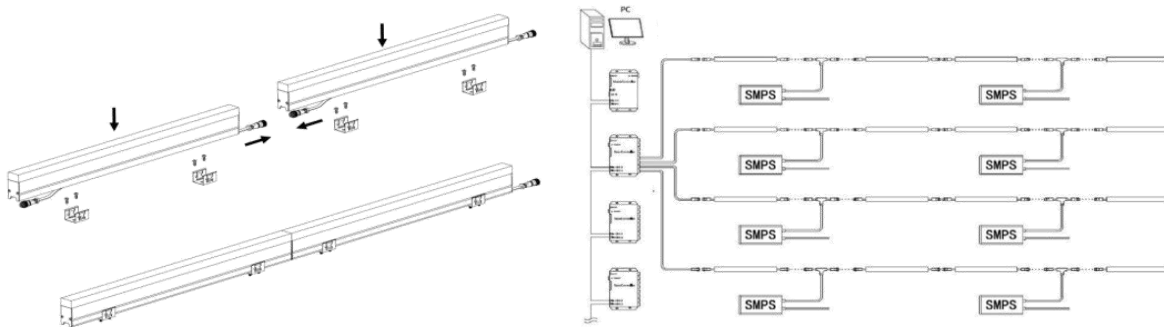

Model	CL30A-4801	CL30A-36/6D3	CL30A-48/6D4
LED type	Philips	Philips	Philips
Input Voltage	DC 24V	DC 24V	DC 24V
Pixel Composing	/	6 LEDs /Pixel	6 LEDs /Pixel
LED Qty	48pcs	36pcs	48pcs
LED Color	Monochrome	RGB	RGBW
Control Mode	On/off	DMX512	DMX512
Power Consumption	15W/M	12W/M	15W/M
Grey Scale	65536		
Beam Angle	120°		
Size	W30*H44*L975MM		
Surface Color	White		
Cover	Transparent / Milky PC		
Shell material	Aluminum alloy		
PCB material	FR-4		
Ingress Protection	IP65		
Operating Temp.	-20℃ —60℃		
Service life	>80000h		

Luminosity Distribution

Installation Method

The power supply can handle up to **24 devices** on one route, depending on the power capacity of the supply.
