

Application

with high brightness and easy installation, SEEKWAY CL30D linear light suits **various outdoor economic lighting solutions**. Customization options include aluminum colors, adjustable lengths, and LED choices. It boasts UV resistance, VO flame retardancy, and excellent electrical safety **for stable outdoor use**. Structurally, it features a sliding fix for **easy installation** on various brackets and conceals cables for seamless integration. It enhances cityscapes by **outlining high-rises, elevated roads, bridges, and natural landscapes like parks and rivers**.

Specification

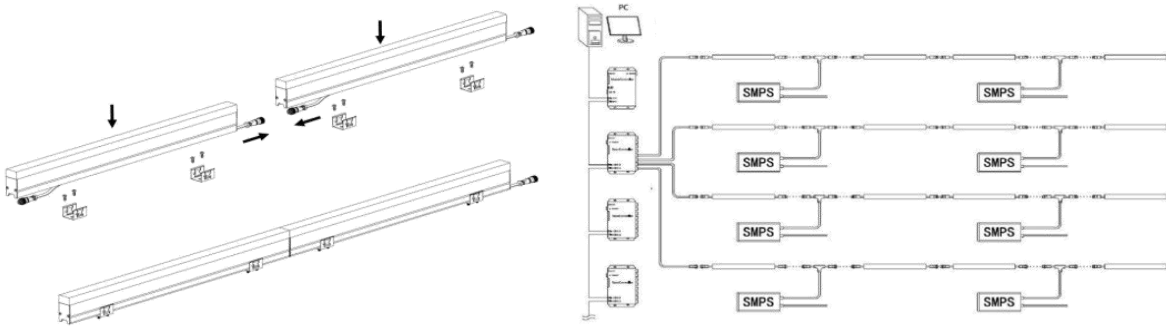

Model	CL30D-4801
LED type	Philips
Input Voltage	DC 24V
Pixel Composing	/
LED Qty	48pcs
LED Color	Monochrome
Control Mode	On/off
Power Consumption	12W/M
Grey Scale	65536
Beam Angle	120°
Size	W24*H42*L990MM
Surface Color	White
Cover	Transparent PC
Shell material	Aluminum alloy
PCB material	FR-4
Ingress Protection	IP65
Operating Temp.	-20℃—60℃
Service life	>80000h

Luminosity Distribution

Installation Method

The power supply can handle up to **24 devices** on one route, depending on the power capacity of the supply.
